South Carolina  
Department of Transportation

Mr. Ron O'Neil  
Engineered Plastics Inc.  
300 International Drive  
Suite 100  
Williamsville, NY 14221

Reference: Detectable Warning Surfaces

Dear Mr. O'Neil:

Armor-Tile Tactile Systems has been reviewed and found to meet South Carolina Department of Transportation's Standard Drawing No. 720-7. It also meets the specifications of the Americans with Disabilities Act Accessibility Guidelines (ADAAG). This product may be used for wet or dry application and will be listed on the Department's Approval Sheet No. 61 for Detectable Warning Surfaces.

The acceptance does not obligate the South Carolina Department of Transportation to include or specify your product. It is your obligation to market this product to those who can use it. The Department reserves the right to revise or modify current specifications, as it deems necessary. Upon any changes in the specifications, you may be required to resubmit your product.

If there are any questions, please inform me at 803-737-1377.

Sincerely,

A handwritten signature in black ink, appearing to read "E.S. Eargle", is written over a circular stamp that contains the SCDOT logo.

E.S. Eargle  
Road Design Engineer
